MACHINE PROBLEM - 1 & 2

CREATE:

In order to assess your technical skills, this task was given to a student who is taking up the subject Advance Web Design. The output must be similar (use the video clip as your reference). The information to be used must be true/fact.

REQUIREMENTS:

The student must be able to produce / display:

1. Resume
   a. In 1 (one) web page only
   b. HTML, CSS and JavaScript must be used.
   c. When you click a button, the Resume changes its color. (You may apply different colors aside from the given sample video clip)

2. Applying best practice in programming and proper folder and naming conventions. (Everything must be organized and proper, like usage of external files applying other best practices for Design and Programming must be used at all).

3. Applying everything you have learned from previous Course together with this current Course.
